

## SERVAS MARCHE

### CAMMINO DELLE TERRE MUTATE 2024 PATH OF THE CHANGED LANDS 2024

June 14-16

Servas Marche, following up on last year's similar initiative in Umbria, proposes a weekend along another stage of the Cammino delle Terre Mutate, Stage No. 4, The changed lands are the lands changed by earthquake during 2009 (<https://terremutate.org>) which includes some excursions and activities as the following program; it has been availed of the collaboration of LUA, Libera Università dell'Autobiografia di Anghiari, since the member Silvana Nobili from Ancona is his territorial contact person. The meeting will be held June 14-16, 2024 at Ussita, a small village in the Province of Macerata, in the heart of the Sibillini Mountains. We will be welcomed by Camping Colorito, in contrada Calcara, three kilometers from Ussita, a Salesian structure in the middle of the green, at the base of Mount Bove, which offers the possibility of staying overnight either in bungalows of 6 to 8 places, with bathroom, or in the campsite, equipped with common services, with pitches for tents and campers. There is also a brick structure intended for catering and, among the bungalows, a wooden building intended as a meeting room. For those who would like a different arrangement, it is possible to book a room at the Crystal hotel in Ussita (3.8 km away) and then participate in the various activities with the rest of the group.
