Servas Argentina Focus Tango Program / CSE (Cultural Servas Exchange) program

Dear Servas National Secretaries:

In Argentina we´re organizing the **CSE (Cultural Servas Exchange program) focused in Tango.**

It is a 3 weeks program.

We invite candidates, females or males who want to practice language and Tango in our country to contact their NS so we can coordinate the participation and the dates.

The candidate shall pay the ticket and the meals and extras during the stay (classes, tickets for the milongas, taxis, etc).

People of Servas Argentina will give all kind of tips and orientation as well as company many times, to the tango classes and milongas. Also **Spanish classes** will be scheduled.

Dates:

There´re no special dates for this program, we arrange everything depending on the candidate´s trip. We´ll take **4 programs per year.**

Criteria:

It´s necessary that the candidate has some language knowledge as well as some practice in Tango before coming here.

We hope that the candidate can offer different kind of activities: could speak about his/her country, teach how to cook something, anything about his/her profession, but he or she becomes an ambassador of the country and he has to give things in return.

We´ve done the CSE program many times and it always was a very successful experience.

I hope I´ve tempt you to do it. Please share this invitation with your members. I´ll be waiting for your comments.

Please consider that we need some time to organize everything.

Ana Manghi

NS Argentina / Servas Argentina
